INDUSTRIAL CONTAINERS

Totes, Tubs & Wash Baskets

KADON HEAVY-DUTY TOTES & TUBS

Heavy-duty containers are ideal for a wide range of manufacturing applications, such as shipping and storage, organizing workstations for parts picking, parts washing and assembly operations. Our heavy duty totes and tubs are manufactured from structural foam plastic and offered in several styles and sizes to any material handling needs.

KADON INDUSTRIAL WASH BASKETS

Kadon style parts wash baskets are constructed of polypropylene with 30% fiber glass for optimal heat resistance. Dividers provide for optional separation of parts during the washing process.

STAINLESS STEEL WASH BASKETS

We will design, engineer and manufacture stainless steel baskets that integrate with any industrial cleaning system.

WARRANTY 5 YEAR WARRANTY

EDGE Manufacturing provides a 5 year limited warranty against defects in repair workmanship to the original contracted repair party. Original repairs are warranted to be free of defects in materials and workmanship. If the repaired portions of said container fails to conform to this limited warranty, EDGE Manufacturing Inc will, at its sole discretion and option, fix the defect at no additional cost to the buyer.

INDUSTRIAL CONTAINERS

STACKING BOXES

- **Stock Color: Black**
- **Chemical and temperature resistant storage boxes.**

Super strong stacking and nesting boxes allow for efficient storage of an array of shop items. Unigue molded design securely stacks boxes for item stroage and conveniently nests away when empty. High density polyethylene 1/4" walls provide extra strength easily holding over 150 lbs. Comfortable handles make loads easy to manage. Resistant to most industrial chemicals and detergents; withstands temperature from -30° to 150°. FOB Shipping Point.

Nest & Stack			
Product No.	Size I.D.	Size O.D.	Wt (lbs.)

HS28170900	$14^{1/4}$ x 22 x 8"	$16^{1/4}$ x 28 x 9"	9

TOTE BOXES

- **Stock Color: Black**
- **Vented and unvented tote box storage.**
- **Items carry easily and securely with ergonomically designed handle.**

High density polyethylene construction stands up to tough industrial use. Resistant to most industrial chemicals and detergents. Won't rust, rot or splinter. Designed to allow for full contact safe conveyor transport while still allowing for snug tote stacking. Does not contain fiberglass. Each holds 150 lbs. FOB Shipping Point

KADON INDUSTRIAL WASH BASKETS

- **Stock Color: Black**
- **A low-cost alternative to full stainless steel boxes**
- **Strong: each box has an outer frame of tough high density plastic and an interior liner of perforated stainless steel**

Lightweight and easy to handle. Open construction provides full-flow flushing capacity yet multiple perforation openings assures retention of small items. Impervious to almost all industrial chemicals and detergents. Won't rust, rot or splinter. Optional dividers can be positioned to accommodate various size components, down to 1" sq. in either size box. Small box holds up to 7 dividers in width and up to 5 dividers in length. Large boxes hold up to 11 divider units in the width and up to 7 dividers in the length. FOB Shipping Point.

DIVIDER BOXES

- **Stock Color: Black**
- **Space efficient, multi-purpose small part storage.**
- **Versatile, space saving dividers boxes help keep parts and supplies neatly organized for mixmum working efficiency.**

Ultra strong and resilient, these boxes provide long lasting service making them an economical purchase. Easily holding over 200 pounds, divider boxes use a stackable design to save space while still allowing for full contact flat bottom conveyor transport. Heavy duty structural plastic design will not rot, rust or splinter, plastic is also chemical resistant to most industrial chemicals and detergents. Available in vented design for fresh air circulation. Dividers must be ordered separately. FOB Shipping Point
